Ultra Soft

Cloud Feeling of Surface Layer, Soft and Skin-friendly

Three Dimensional Bilateral Design

Fit the body curve and reduce the friction
Prevent side leakage

Innovative Surface Non-woven Technology

Skin friendly, comfortable and hypo-allergenic

ULTRA THIN

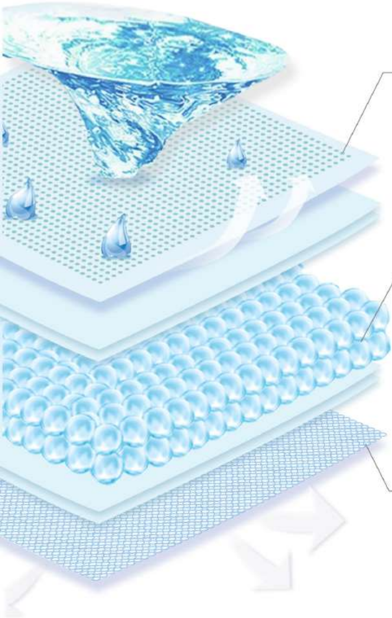
Light and Thin, Free and Comfortable

Extreme–thin down to 0.8 mm

Instant Massive Absorption

Dry and Breathable

Full Absorption, Two-way Ventilation



3D Plus Breathable Perforation Technology

- Rapid absorption without reverse osmosis
- Up to **2000+** pores on the surface layer, ultra breathable

Super Absorbent Core Imported from Japan

Full absorption without leaking
Dry and comfortable, away from stickiness

Micro Pressure Stretching Breathable Bottom Layer

Breathable and Waterproof

Absorption Test

Poor absorption
Instant full absorption without leaking

Q&A

1：Does it have fragrance?

The Angel Moon product series are fragrance free and safe to use.

2：Is it thick? How is the air permeability?

Angel Moon is ultra thin with a thickness of 0.8mm for day and overnight pads and 0.6mm for panty liner. As it is ultra thin and light, you would not feel like putting on anything. The bottom layer is designed for best ventilation.

3：Is it safe? Will it affect our health?

The Angel Moon product series underwent rigorous safety assessment in line with national health and quality standards. No fluorescent whitening agent, no harmful substances such as lead, mercury and etc, no harmful microorganisms and etc. Officially certified, assured for safety.
